Dear guest,

We are so happy that you have booked an exciting voyage in Arctic waters with us: Norway and Franz Josef Land - Sailing North of 80° to the Russian Arctic. For this adventure, a double-entry Russian visa is required. To apply for this visa, you will need a letter of invitation (also called a visa support letter) from our Russian supplier. Please provide the information below for the letter of invitation. With that letter, you will be able to apply for the double-entry visa with your local Russian consulate.
